## SUMMARY

---

Dedicated developer with over 6 months of experience in full-stack Python development. Proficient in web development, problem-solving, and teamwork. Seeking a challenging role to utilize my skills and contribute to innovative solutions.

## WORK EXPERIENCE

---

### Jr. Python Developer – Ramana Soft

Jun 2023 - Jan 2024

- Developed and maintained web applications using **Python, Django**, and **RESTful APIs**.
- Proficient in **SQL, MySQL**, and API testing with Postman.
- Experienced with Agile methodologies and version control systems like **Git and GitHub**.
- Skilled in debugging and modifying test scripts using Python.
- Familiar with various IDEs, including Visual Studio Code and PyCharm.

## PROJECTS

---

### Ramana Soft, Hyderabad, India

#### Jr. Python Developer (Travel Guide Application)

Sep 2023 - Jan 2024

- Developed a comprehensive Travel Guide Application using Django.
- Built both admin and user panels for seamless management and user interaction.
- Encompassing REST API development with serializers.
- Models' creation, MySQL integration, and admin panel customizations in Django.
- Admin panel: Customizations for managing travel destinations, itineraries, and experiences.
- User panel: Empowered travel enthusiasts to explore, add, edit, and delete travel entries.
- Displayed information and details in dynamic templates and URLs.
- Created model forms for CRUD operations (Add Product, Update, Delete, Select).
- Implemented search functionality to query the database and display search results.
- Developed authentication system with login and registration.
- Added category model and fetched products by category.
- Built a complete comment section for the product management website, allowing users to add and delete comments.

### Ramana Soft, Hyderabad, India

#### Jr. Python Developer (QT NEXT)

Jul 2023 - Sep 2024

- Designed, developed, and maintained QT NEXT vendor designs and websites.
- Collaborating with designers to ensure seamless integration of multimedia elements and accurate linking. Regularly updated web style sheets and pages.
- Creating reports for management to track progress.

## EDUCATION

---
