## SUMMARY

---

Highly motivated graduate with a passion for full-stack Python development. Proficient in web development, problem-solving, and teamwork. Eager to contribute to the creation of innovative and efficient solutions. Seeking a challenging role where I can utilize my technical skills to make a significant impact.

## WORK EXPERIENCE

---

**Full Stack Python Developer Intern** - Ramana Soft Solutions Pvt. Ltd. Jun 2023 - Jan 2024

Developed a travel guide application, collaborating on front-end design (HTML, CSS, JavaScript) and back-end implementation (Django) for a seamless and secure user experience. Conducted thorough testing and debugging for optimal performance and reliability. Integrated user feedback for continuous improvement. Managed version control and documentation with GitHub and Jira.

## PROJECTS

---

### Travel Guide Application

[Link to Demo](#)

Developed a comprehensive travel guide application with user-friendly interfaces for both users and administrators. Implemented robust CRUD functionality within a Django-powered admin panel for seamless content management. Enabled users to explore, add, edit, and delete travel entries, fostering personalized travel experiences. Prioritized responsiveness and visual appeal in both panels, optimizing user experience for exploring and managing travel adventures.

### Car Parking Management

[Link to Demo](#)

Developed a comprehensive Django-based task management application enabling users to create, edit, prioritize, and delete tasks with a user-friendly interface. Implemented CRUD operations to streamline task management and ensure efficient workflow.

### Product Management Application

[Link to Demo](#)

Developed a comprehensive e-commerce website using Django and Bootstrap. Implemented robust CRUD functionality for product management, ensuring user-friendly interactions. Enabled users to explore product catalogs, add items to their carts, and complete secure checkout processes. This application prioritized a seamless user experience, facilitating efficient product management and online shopping.

## EDUCATION

---
